

Integral logistics and transport solutions are part of our business core

## **Alsacargo Logistics**

Offers a wide range of logistical solutions in order to transport your products to international markets. Our international relationships and "*know-how*", makes us able to provide you with services that are adapted to your needs.

## **OUR VALUES**

Compromise  
Innovation  
Honesty and professionalism  
Team work

## **OUR MISSION**

Offer to our clients logistic solutions adapted to their needs.

## **OUR VISION**

Become our client's logistic partners providing added value to the transported goods.

### **SEA FREIGHT**

Our wide experience allows us to offer you quality services for your import and export. Alsacargo Logistics is a FETEIA-OLTRA member and we operate with the main International Sea Liners, offering a high quality service.

#### **Services**

- Export / Import
- Full Containers (FCL)
- Groupages (LCL)
- Consolidations (LCL/FCL)
- Cross Trade
- Controlled Temperature
- Frozen & Chilled

### **AIR FREIGHT**

We offer air freight services to and from the World's main Airports. We have partners located in the World's main airports, ensuring your cargo arrives to its destination and on time.

#### **Services**

- Export / Import
- Consolidations
- Cross Trade
- Controlled Temperature & Frozen
- Door to Door Services
- Any destination

### **OVERLAND NETWORK**

Alsacargo Logistics offers Road transport services. Through our partner's network we are connected to the main European cities, which allow us to fulfil our customer's needs.

#### **Services**

- Full Loads
- Groupages
- Consolidations
- Tracking & Tracing
- Railway Network
- Production Supplies

### **DISTRIBUTION AND STORAGE**

We use the best logistic centres, highlighted by their strategic importance, and the main freight transport highways. We offer the possibility of exclusive use of warehouses for our customers in the main industrial areas, provided with technical and human resources, dedicated management software, security and the outstanding warehouse access. We provide loading docks for trucks and /or cargo trains, airports or sea ports.

### **Services**

- IT Management
- Cross Trade
- Distribution
- Warehouses
- Storage Solutions

### **CUSTOMS PROCEDURES**

We are aware of the importance of good advice about customs procedures, that's why in Alsacargo Logistics we have a highly qualified team at your disposal to answer any questions you may have.

### **Services**

- Import
- Export
- Transits
- Consulting

### **TRANSPORT INSURANCE**

It is imperative to inform our clients of the importance of taking a good transport insurance that covers for any incident related to the transportation of their cargo. At Alsacargo Logistics we offer door to door Transport Insurance through first class insurance companies.

### **Services**

- Full Comprehensive Cover (Door to Door)
- Special Size and/or Volume
- Extremely heavy goods
- Special Contents
